SUL's Experience is Great Britain programme is a perfect choice for international junior students who are aged 8+ seeking a truly British experience. It combines on-campus English lessons with action-packed daily activities and excursions outside the classroom. These provide a wealth of history, culture and exciting places to enjoy.

Great Britain Experience programmes run in Taunton School, Bedstone College, Ipswich High School University of Worcester, and Hockerill Anglo-European College. These beautiful schools offer us a high standard of accommodation and an excellent range of facilities.

TAKE MOVIE

"They did that in one take" is always an impressive statement to make about any film! Getting a scene down in a single take means everyone experiences a moment of perfection, or is it just pure luck?

SUL will run this exciting One Take Movie programme in 2023. We are proud to provide young filmmakers aged 12 to 17 with a unique experience in the art of cinema.

Incorporating both theory and practice, our courses will teach students how to operate equipment and work on a set while providing a clear understanding of the fundamentals of how the art of cinema works.

At the end of our course, students will have written, filmed and edited a high-quality One Take Movie, which we will premiere on SUL's YouTube channel.

From our regular daily life to cutting-edge technology, Robotics Summer Lab offers an astonishing quest to explore the wonders of robotics through this Amazing Experience.

In cooperation with the Robotics Academy, we have designed this combined English and Robotics summer programme to help younger students learn English while developing the core concepts of problem solving and programming.

This course is ideally suited for children who love to be creative and find their own solutions to problems.

Every day, our students will be able to build their own LEGO robots and use them to solve everyday problems and answer questions. Students will use their creativity to improve on a robot's basic design, all the while learning advanced concepts.

Every week will be packed with fun excursions and exciting challenges designed to test the limits of students' robots. The robots will be navigating their way through mazes, overcoming obstacles and battling against each other.

WHICH TEAM WILL BE YOURS?

SUL LEAGUE CATEGORIES

Academic achievement

Got the brains to be the best? Win points by answering questions, achieving goals and producing outstanding work.

Participation

Get involved to score! Show your energetic side and get involved in games, songs and activities to score points for your team.

Language

Gain points for showing an excellent grasp of new language learnt. Lose points for failing to use English in the class.

Environmental awareness

At SUL we look after our environment, and we want you to do the same. Look after your possessions, your classroom and the school grounds to gain points. Fail to do these things, and you will lose points.

Social awareness

Respect towards your teachers and classmates is important, and good manners cost nothing. Show these traits to gain points. Show disrespect, or behave poorly towards the people around you, and you will lose points.

SUL League is a system which helps to enhance the academic and social programmes at SUL, as well as increase the level of students' integration into an academic process and plays an essential part in educating the ones who are passionate about learning.

The SUL League is an exciting and inclusive opportunity for our students to get involved in a Global Project where students from all over the world compete to become SUL League Champions! Four teams and five categories to score points in. Which team will be yours?
